

Rules for Engagement of Contractors at Tomago.

As from 16th October 2006, the only persons authorised to engage contractors at Tomago are the persons listed below, who are referred to as "Contract Coordinators"

Tomago contractors must only accept instructions from these persons and only when accompanied by a purchase order number, which is a 10 digit number starting with 4.

In addition, the Engineering Shift Supervisor (ESS) has authority to engage contractors after hours in emergency situations, and the ESS must quote either a purchase order number (as above) or a purchase requisition number, which is an 8 digit number starting with a 1.

There are **no exceptions** to these arrangements, and Tomago will not accept claims for payment for work performed outside these guidelines. All claims for payment should be submitted to the contract coordinator who engaged contractor.

Contract Coordinators;

Name	Leave Substitute	Area	Phone	Email
Len Collyer	Steve McRae	Rodded Anodes Operations	49 669334	len.collyer@tomago.com.au
